

# KERR HEALTH

Specialty Pharmacy

## • Like a Breath of Fresh Air •

At Kerr Health, we are focused on your patient as a whole person. We understand the challenges people with complex health conditions face in trying to manage their unique and often complicated medication regimens. We aim to simplify their lives.

With education programs, individualized counseling and 24 hour assistance, we provide unparalleled support for both patients and providers. Our holistic and innovative strategies are designed to improve patient outcomes and adherence. We view ourselves as an extension of your practice, delivering the high quality, compassionate level of care your patients have come to expect.

### **Insurance Verification and Prior Authorization**

Our patient care advocates will assist your patient with verification of benefits, claims processing, and prior authorizations. They can also assist with co-pay and financial assistance programs.

### **Express\Convenient\Discreet Delivery**

Within 24 hours of referral, Kerr Health will conveniently ship your patient's medications to their home, your office, or their local Kerr Drug store.

### **Synchronization**

Kerr Health Specialty Pharmacy can synchronize and ship ALL of your patient's medications (specialty and other) to arrive together.

### **Consultation and Personalization**

A licensed Clinical Pharmacist is available to speak with your patient to review their medications. Pharmacists and nurses are also available 24/7 to assist with questions or issues. We are prepared to further personalize their care through our adherence program and optional medication punch-cards.
